Dear _____:

We have received your request to become a member of the Anglican School Association, per your school's interest in the standards of membership. Upon membership all your teachers are included in the ASA's Society of Saint Bede, at no cost to them, and they may pursue certification, as qualified. *(Included is a welcome letter to your teachers to complete and return, along with the ASA vision document and the teacher development outline for their use.)* Please complete the information below and return this form with the appropriate dues.

Resources made available to your school include certification of your teachers, full use of the continuing education of The Society of Saint Bede, listing on the website directory, use of the job notices bulletin board, and the pursuit of ASA accreditation (no additional membership fees). *We hope you will pursue accreditation, introduce your teachers to their colleagues, strengthen and establish more Anglican parish schools, and take full advantage of continuing education, curricular resources, job postings, and conferences available to you.* Our prayer is that in twenty years from now half of all Anglican parishes will include quality day schools as part of their parish ministry.

The Rev'd John P. Boonzaaijer
Chairman
